Restaurant Row donates to high schools

SAN MARCOS — Old California Restaurant Row will host breakfasts honoring San Marcos High students on Thursday and Friday at the San Marcos Brewery & Grill, 1080 W. San Marcos Blvd.

Restaurant Row eateries and the San Marcos Chamber of Commerce will provide three \$500 academic scholarships to students attending San Marcos High School, Mission Hills High School and Twin Oaks High School.

San Marcos Brewery & Grill will host a breakfast Thursday for students of Mission Hills High School and on Friday for San Marcos High School students.

The events will recognize students who have fulfilled academic requirements needed to receive automatic admission to Cal State San Marcos under the Partners Advancing College Education Promise, a partnership between the San Marcos Unified School District and the university. The program guarantees automatic admission to the university for all qualified graduating seniors in the district who meet basic college prep requirements, starting with the class of 2009. It also helps students with tuition and books through scholarships.
